

Do you have the talent to drive innovation?

IFLP

Innovative Future Leaders Programme

COVID-19 has been a catalyst for change. Now is the right time to invest in innovation & developing your workforce to get ahead in 2021.

IFLP empowers future leaders of construction & the built environment

IFLP puts innovation at the heart of talent development, helping our future leaders find fresh solutions to real business challenges.

Innovative Future Leaders Programme (IFLP)

An immersive business change programme designed to mobilise future leaders in our industry with the right skills, tools & experience to **drive change in their businesses**.

Through a unique blend of workshops, peer interaction & one-to-one mentoring, participants bring real business challenges from their own companies and leave with the skills & agility to deliver innovation.

Participants will gain:

- + Powerful tools, skills & strategies to innovate, lead & embed change
- + Insights from across & beyond the industry: **including** Google, McLaren Racing, Government officials & other industry experts
- + New connections & business opportunities from a **full-sector mix**
- + A solution to a **real business challenge** set with their MD or CEO – driving the business forward & developing the individual

Try it yourself ...

Experience free **taster sessions** with our 40-min webinars.

Nic Suggit, Foreign and Commonwealth Office's Head of Learning shared global experience on **Agility and Scenario Planning** through an interactive webinar.

“ IFLP for me has been an inspirational & transformational experience.

I have learnt so much, not just in terms of new tools to help me be a great leader, but about myself. It has thrown me into several different industries I knew nothing about, and from that developed a great network of people who give great insight. ”

Emma Camm, Laboratory Manager + WaterAid Representative, Portsmouth Water

“ My cohort on the programme represents a really interesting mix of companies & roles, representing many areas of the construction industry from clients to contractors to consultants to specialist suppliers and subcontractors. This breadth and depth is key to the success of the learning process. ”

Simon Newton, Managing Director,
Darke and Taylor

**Innovate & drive your
business forward!**
